The University of Valladolid is pleased to host the 19th International Conference on Cultural Economics, presented by the Association for Cultural Economics International (ACEI).

The Conference will be held in Valladolid, Spain, from Tuesday June 21st to Friday June 24th, 2016. The program chair is Prof. Ilde Rizzo (University of Catania, Italy), ACEI president-elect. The local organizer in Valladolid is the Cultural Economics Research Group at the University of Valladolid (GIEC/UVA). The ACEI 2016 Conference aims at providing a forum for scientific discussion on cultural economics, bringing together scholars and professionals and practitioners to develop a fruitful dialogue between theory and practice. The venue and the social events will give the participants the opportunity to soak up Spanish culture as well as to enjoy the city of Valladolid. On this website, you will find all the information you may need about attending the Conference as well as your trip to Valladolid. Additional information will be posted as soon as available. Feel free to contact us if you need anything.
